

**OWP Ladies: Hexagonal shape**

**Style 1480**

Style 1480 presents itself as a hexagonal shape in a design full of character - a tiered high-rimmed profile on the front and backside lends a special depth to the frame. Colourful accents on the eye rim and on the temples and lugs create elegant highlights. Temple tips made of high-quality OWP Signature Acetate round off the stylish, modern look.

The OWP ladies' collection represents attention to detail and superb design. Whether they are feminine and vibrant or timelessly elegant – every one of our creations stands out thanks to its unique character and, as such, is the perfect statement piece for fashion-conscious women.
