

**OWP Ladies: Hexagonal titanium style
Style 1777**

Style 1777 comes as a hexagonal titanium frame and combines trendy design with ultra-lightweight comfort. Coloured, inset lines along the temples create modern highlights, while temple tips made from OWP Signature Acetate add the perfect finishing touch to the look.

The OWP ladies' collection represents attention to detail and superb design. Whether they are feminine and vibrant or timelessly elegant – every one of our creations stands out thanks to its unique character and, as such, is the perfect statement piece for fashion-conscious women.
