

**OWP Ladies: Clear shape
Style 1778**

Clear shape, fine details: style 1778 presents itself as a soft square frame made of titanium. A delicately engraved pattern runs along the outside and inside of the temples, giving the frame a distinctive depth. Temple tips made from OWP Signature Acetate provide the perfect finishing touch. Light, elegant and timeless.

The OWP ladies' collection represents attention to detail and superb design. Whether they are feminine and vibrant or timelessly elegant – every one of our creations stands out thanks to its unique character and, as such, is the perfect statement piece for fashion-conscious women.
