

**OWP Ladies: Oval metal frame
Style 1481**

Style 1481 comes as an oval metal frame with modern details - colourful accents on the eye rim and the temples bring subtle highlights into play, while the temple tips made of OWP Signature Acetate stand for comfort and quality. The result? A stylish mix of a classic shape and an urban look.

The OWP ladies' collection represents attention to detail and superb design. Whether they are feminine and vibrant or timelessly elegant – every one of our creations stands out thanks to its unique character and, as such, is the perfect statement piece for fashion-conscious women.
