

OWP Ladies: Octagonal shape

Style 1482

The new 1482 combination frame in an octagonal shape sets a cool trend - the front, made of high-quality OWP Signature Acetate, is enhanced by elegant decorative rivets and brings modern geometry into play. The temples harmoniously echo the shape of the front and thus underscore the coherent look. Long end temple tips made of OWP Signature Acetate offer maximum wearing comfort.

The OWP ladies' collection represents attention to detail and superb design. Whether they are feminine and vibrant or timelessly elegant – every one of our creations stands out thanks to its unique character and, as such, is the perfect statement piece for fashion-conscious women.
