

**OWP Ladies: Harmonious appearance
Style 2234**

The round acetate style 2234 impresses with its flowing design: a continuous bevelled top layer extends from the front to the temple tips and provides a harmonious appearance. Minimalist metal decoration on the temple adds subtle highlights. Made from OWP Signature Acetate, an exclusive statement.

The OWP ladies' collection represents attention to detail and superb design. Whether they are feminine and vibrant or timelessly elegant – every one of our creations stands out thanks to its unique character and, as such, is the perfect statement piece for fashion-conscious women.
